

present prompt: horse
correct box, score 0.92

absent prompt: dog
false box, score 0.83

**Top-scoring absent-query detections
can be all hallucinations.**

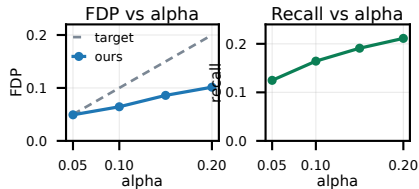

Calibration wrapper

Dependent boxes stay inside one image-query family;
per-family e-BH still controls FDR.

No independence assumption among boxes from the same prompt.

Full COCO val / GDino

At alpha=0.10: FDP 6.4% and recall 16.4%.
